2. No Person shall cause, suffer, allow, or permit the removal, disconnection, or disabling of any noise suppression device or system which has been installed on or in proximity to any Noise Source pursuant to the Talbot County Code or enforcement thereof.
3. No Person shall defeat the designed purpose of any noise suppression or measurement system or device by installing therein or thereon any part or component which does not meet the minimum designed specifications for that system or device.
4. No Noise Source shall be operated with its noise suppression or measurement system or device removed or otherwise rendered inoperable.

Brief, but detailed description of project: _____

Certification: I certify that I am the property owner and that all the information noted herein and in any attached documents is true and correct. I understand that in accordance with *Talbot County Code*, I shall provide a means for continuous electronic monitoring of sound levels from one hour prior to, until one hour after, the approved outdoor music time restriction. By the filing of this application, I authorize agents of the regulatory governmental agencies to enter onto my property for the purposes of performing any inspections necessary to ensure compliance with all regulations, restrictions and limitations on the establishment and implementation of this Noise Compliance Plan. I understand that it shall be unlawful within the County to make, continue to make, permit, or cause to be made or continued a Noise Disturbance or a Noise level in excess of the limits stated in Chapter 92 of the *Talbot County Code*. Violations are subject to the penalties outlined in the *Talbot County Code*.
